Bonjour,

Si vous avez un bateau compétitif qui dort fin Juillet, vous pouvez le proposer à la location à un australien dont le bateau ne sera pas arrivé en France.

Dear all,

Unfortunately the Australians heading for the Worlds in France have had a problem with their container in Malaysia and it will now not make it to Quiberon. Many of them are already in Europe and do not have a boat to sail at the World Championship.

They all still want to sail.

So this is a call for help please. If anyone can charter their boat to one of them please get in touch with Mark Jackson (mtjackson735@gmail.com) and Richard Furneaux (furneaux.richard@gmail.com) as soon as possible please.

Logistics can be worked out later, but first of all we need boats for them please.

Many thanks

Robert Deaves
